## Summary

---

Entry-level Full-Stack Developer with hands-on experience building scalable web applications using React, Node.js, Express, and MongoDB/MySQL. Developed multiple projects including an e-commerce platform, weather app, and task manager with secure authentication and RESTful APIs. Strong focus on responsive design, performance, and real-world problem solving. Passionate about building user-friendly applications and continuously improving technical skills.

## Work Experience

---

### Task Manager Web App

- Built a full-stack task manager application with JWT-based user authentication
- Developed responsive login/register system with real-time validation and error handling
- Implemented RESTful APIs for task management (CRUD operations)
- Designed modern UI with animations and mobile-first approach
- **Tech Stack:** React, Tailwind CSS, Node.js, Express, MySQL, JWT, Vite

### E-Commerce Web App

- Developed a full-stack e-commerce platform with product catalog and cart system
- Built RESTful APIs for product management and cart operations
- Created responsive UI with search, filters, and quantity controls
- Integrated frontend with backend for seamless user experience
- **Tech Stack:** React, Node.js, Express, MySQL, Tailwind CSS

### Portfolio Builder

- Developed a full-stack SaaS portfolio builder that allows users to create and manage personal portfolio website.
- Implemented secure authentication (JWT-based login system) with protected routes.
- Built a dynamic dashboard for users to create, edit, and manage multiple portfolios.
- Designed responsive and modern UI using Tailwind CSS for cross-device compatibility.
- Created RESTful APIs using Node.js & Express, connected with MySQL database.
- **Tech Stack:** React, TypeScript, Vite, Node.js, Express.js, MySQL, Tailwind CSS

## Skills

---

### Frontend:

React.js, JavaScript (ES6+), HTML5, CSS3, TailwindCSS, Responsive Design

### Database :

MySQL

### Backend:

Node.js, Express.js, REST APIs, JWT Authentication

### Tools & Platforms:

Git, GitHub, Vercel, Netlify, Visual Studio Code

## Education

---

### Rawalpindi Women University

BS Information Technology | 2021 – 2025

### F.G. Margalla College, Islamabad

Intermediate in Computer Science (ICS) | 2019 – 2021
